MEMORANDUM FOR: Deputy Director for Support

SUBJECT: Comparability Study of Compensation and Fringe Benefits Policies of Free Europe, Inc., Radio Liberty Committee, and the U. S. Government

1. At a meeting on 7 April 1970 with [redacted] president of Free Europe, Inc. (FE), he expressed to me his belief that the wage scales and fringe benefits of his organization are on the whole significantly below those of the Radio Liberty Committee (RLC) and the U. S. Government (CIA, USIA, Department of State, and the Civil Service). He is aware that the RLC American salary scale is pegged to the Civil Service scale and that RLC pays post allowances and in general follows the travel procedures of the Department of State. He feels that in the area of compensation, and possibly in that of certain fringe benefits, he will eventually have to upgrade his salary scales, particularly those of his executive personnel, if he is to attract and retain the caliber of people he needs for the effective operation of Free Europe. He requested that a comparability study be made of the wage scales and fringe benefits of FE, RLC, and the appropriate components of the U. S. Government, so that he will have a firm basis on which to make any decision for possible future changes in these areas.

25X1

2. I told [redacted] that this seemed to me to be a reasonable request and that we would make the study for him. Would you, therefore, ask the Director of Personnel to appoint a Referent to work with representatives of the CA Staff and the Office of Planning, Programming, and Budgeting in implementing such a study.

25X1

3. Because [redacted] feels (and I concur) that visits from Agency people should be limited to the project's [redacted] has already made available to CA Staff ([redacted]) material on his present salary scales and fringe benefits. The same component maintains similar material on Radio Liberty Committee.
